Inflatable Soccer Dummy

Product Code: 100039

- For goalkeeper training or tactical and technical exercises with or without ball.
- Base is filled with water. Two side handles. Attention: Do not pull on the floor, please raise.
- Material: PVC.
- Height: 205 cm.
- Diameter: 45 cm.
- Weight of the Base (filled with water): 11 kg (At temperatures below 0° degree celsius, please add antifreeze).

Inflatable Soccer Dummy

Product Code: 100163

- For goalkeeper training or tactical and technical exercises with or without ball.
- Base is filled with water. Two side handles. Attention: Do not pull on the floor, please raise.
- Material: PVC.
- Height: 175 cm.
- Diameter: 45 cm.
- Weight of the Base (filled with water): 11 kg (At temperatures below 0° degree celsius, please add antifreeze).

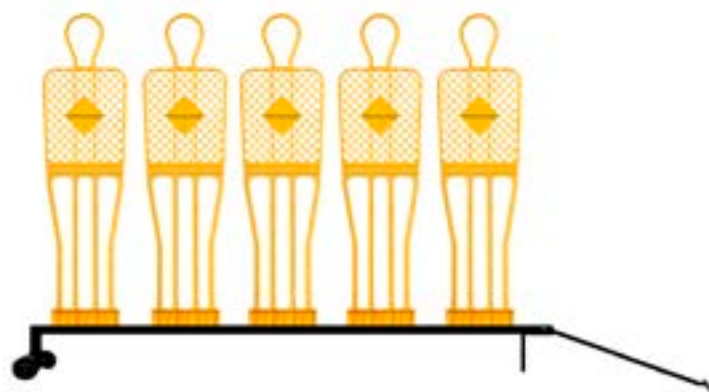

Free Kick Wall ELITE 180 cm

Product Code: 100098

Trolley for Football Dummies Product Code: 100099

- Produced of high quality durable plastic-rubber material. Flexible, when hit with a ball returns to the previous position.
- Available with Dummies Trolley that enables easy transportation and possibility to use it on the artificial grass and indoor.
- Available colors: red or yellow.

Rubber Base ELITE dummy

Product Code: 100159

- Enables to use Yakimasport ELITE dummy on artificial grass and indoor.
- Weight: 10 kg.

Trolley for one ELITE Dummy

Product Code: 100223

- Enables easy movement of ELITE Dummy. Very useful for artificial grass and indoor.
- Stable construction on 4 wheels.

Free Kick Dummy on Spring, Wall Mannequin

Product Code: 100186

- Free Kick Dummy provided with Spring in a base to effectively absorb Ball Momentum.

Free Kick Dummy, Metal Mannequin Wall

Product Code: 100187

- Robust metal construction covered with durable red fabric. For use on grass, with spikes.
- Height: 180 cm.

Rebounder

Product Code: 100011

- Rebounder with a special strong rebound adjustment!
- Ideal for your Goalkeeper-Training.
- Special exercises possible for catching the ball and rebounding in various directions.
- For a Goalkeeper-Reaction training and more!
- Also suitable for technique-training of your field players!
- Steel tube construction, white
- Adjustable inclination
- Suitable for goalkeeper and field player
- Frame size: 110 x 110 cm

Double Rebounder

Product Code: 100189

- Double Rebounder with a special strong rebound adjustment!
- An additional feature of this rebounder is that it may be used simultaneously on both sides.
- Ideal for your Goalkeeper-Training! Special exercises possible for catching the ball and rebounding in various directions.
- For a Goalkeeper-Reaction training and more!
- Also suitable for technique-training of your field players!
- Steel tube construction, white
- Adjustable inclination
- Suitable for goalkeeper and field player
- Frame size: 110 x 110 cm

Tripple Rebounder

Product Code: 100190

- Tripple Rebounder with a special strong rebound adjustment.
- Thanks to 3 rebound walls that may be used simultaneously there is a much wider spectrum of exercises that can be performed using this stunning training tool.
- Ideal for your Goalkeeper-Training!
- Special exercises possible for catching the ball and rebounding in various directions.
- For a Goalkeeper-Reaction training and more!
- Also suitable for technique-training of your field players!
- Steel tube construction, white
- Adjustable inclination
- Suitable for goalkeeper and field player
- Frame size: 110 x 110 cm

MINI Rebounder for Goalkeeper Coaches

Product Code: 100149

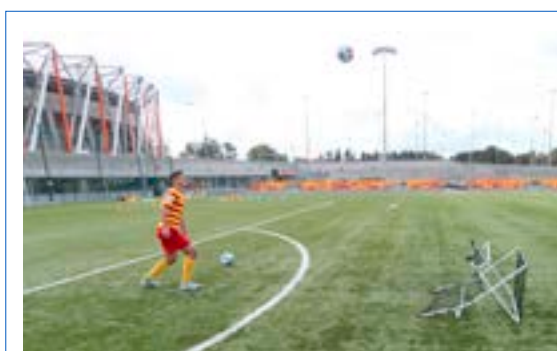

- Excellent tool for Goalkeeper training.
- Serves as a wall.
- Comes with convenient 2 side handles.
- A Coach can easily regulate the angle of rebound to perform a variety of exercises.
- Portable and easy to transport.
- Size: 80 cm x 80 cm
- Weight: 3 kg

Soccer Wave & Rebound Wall

Product Code: 100200

- A special strong rebound!
- Ideal for football technical training.
- Very versatile.
- Features high rebound from one side and low rebound from the other side.
- Helps to improve ball control.
- Enhanced reaction time to approach ball with correct foot positioning.
- Strengthened rubber cords are designed to generate strong match- like rebound pass
- Size: 112 cm x 102 cm x 70 cm

Big Rebounder

Product Code: 100027

- Suitable for technique-training of your players.
- Fiber glass & steel construction, black
- Suitable for pass training, ball reaction, accuracy technic training
- Size: 213 cm x 213 cm

NEW!

Yakimasport PRO Rebound Board

Product Code: 100116

- The board gives a true and even wall pass return

Soccer Tennis equipment for improving players aerial and ball control ability

Product Code: 100015

- Can be used for players of all ages, youth to adult as the height can be set at; 75 cm
- Length: 6 m
- A Possibility of setting the net at: 150 cm

Coordination Training

Agility Cone

Product Code: 100006

- Agility Cone training significantly improves an athlete's ability to accelerate, decelerate, and quickly change direction with precise timing and body control. Perfect for any sport.

AGILITY CONES FEATURES:

- Multiple high-visibility colors for marking training areas
- 5 cm tall
- Durable, will not break when stepped on
- Includes 30 cones
- Carry rack for easy transport and storage
- Available 5 colors

Agility Cone MINI

Product Code: 100124

- Training significantly improves an athlete's ability to accelerate, decelerate, and quickly change direction with precise timing and body control. Perfect for any sport.
- Colours are sent random 10 pcs. of each colour. Possible sets:
 - I. blue, white, yellow
 - II. orange, red, violet
 - III. orange, pink, black
- Diameter: 13 cm
- Height: 5 cm

Cut Cone - Set with Poles

Product Code: 100073

- A must in Agility Training
- Set Consists of:
 - 10 Cut Cones
 - 5 - 1 m poles
- Pole is set on a height of 7 cm

Cut Cone 10 pcs.

Product Code: 100132

- Made of soft plastic.
- Best for use with poles on top.
- Available in 6 colours: yellow, violet, white, blue, orange, pink
- Size: Diameter - 20 cm Height - 6 cm.
- Colours are sent randomly unless requested otherwise

Set of 12 circle mats - yellow/orange - dia. 15 cm

Product Code: 100054

- Non-slippery discs perfect for synthetic pitches and indoor training
- 6 yellow discs and 6 orange discs

Flat Markers - Agility Line Markers

Product Code: 100188

- A set of 10 non slip rubber strip markers.
- Choose between a selection of colours: red, blue, yellow, orange
- With an easy carry handle, flat markers are fast becoming a favourite of many coaches due to the space saving slim line design.

Cone with holes – 23 cm

Product Code 100042

- Cone with holes is a highly visible piece of equipment that can be used to set out training pitches or for agility drills.
- Height: 23 cm.
- Available in 4 colours: Yellow, Red, Blue, Orange
- Poles from our catalog are a perfect match to buy with the 23 cm cone with holes

Cone 23 cm

Product Code: 100029

- Cone is a highly visible piece of equipment that can be used to set out training pitches or for agility drills.
- Height: 23 cm.
- Available in 4 colours: Yellow, Red, Blue, Orange

Cone with holes PRO - 23 cm

Product Code: 100259

- Professional 23 cm Cones are a must in training exercises for each team
- PRO Cones feature wider, very stable base
- Holes and sculpturing of the upper part enable creating hurdle construction using training poles
- Available in 3 colours: yellow, orange and blue

Cone with holes 38 cm

Product Code: 100056

- 38 cm Cone with holes is a highly visible piece of equipment.
- This Training Accessory can be used to set out training pitches or for agility drills as well as assembling hurdle contraction using training poles
- Poles from our catalog are a perfect match to buy with 38 cm cone with holes
- Available in 4 colours: Yellow, Red, Blue, Orange

Training Traffic Cone Pole Set

Product Code: 100026

- The Training Traffic Cone Pole set can be set at three different heights, allowing soccer coaches to test their players' aerial ability and agility at various levels gradually.
- Cone height: 38 cm
- Supplied in sets of 10 cones and 5 poles

Super Dome Premium Marker Set of 20 pcs.

Product Code: 100120

- Height 15 cm
- Wide stable base
- Holes for placing training poles on 3 heights: 5 cm, 10 cm, 15 cm
- Poles from our catalog are a perfect match to buy with SUPER DOME PREMIUM MARKER SET

Training Pole – 1 m and 1,6 m

Training Pole 1 m Product Code: 100075

Training Pole 1,6 m Product Code: 100076

- Available Colours: yellow, red, blue
- Diameter - 25 mm

Joint

Product Code: 100119

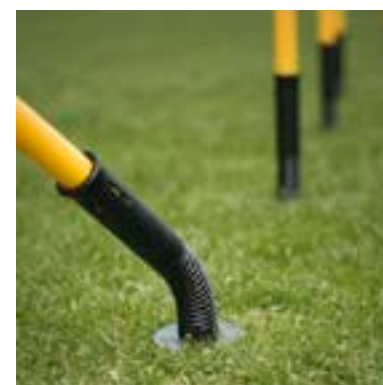

- Joint enables to connect 25 mm poles

Spike with Spring for Training Pole

Product Code: 100143

- Enables to drive in a training pole in the ground
- Poles from our catalog are a perfect match to buy with Spiked Spring for Training Pole
- Total length: 27,5 cm
- Length of the spike: 10,5 cm

Pole Bag / Training Poles

Pole Bag 1 m Product Code: 100090

Pole Bag 1,6 m Product Code: 100091

- Handy Bag for carrying and storing Sports Equipment.
- Suitable for poles and other sports accessories
- Available in 2 sizes

Rubber Base for Slalom Poles

Product Code: 100059

- The Rubber base is produced of heavy duty durable rubber to stabilize training poles
- Brilliant for artificial grass and indoor
- Poles from our catalogue are a perfect match to buy with Rubber Base for slalom poles

3 Direction Base for Slalom Poles

Product Code: 100162

- Rubber base is produced of heavy duty durable rubber to stabilize training poles
- Enables to stabilize pole at 3 different positions
- Brilliant for artificial grass and indoor
- Poles from our catalogue are a perfect match to buy with Rubber Base for slalom poles

Deluxe Speed Rings 12 pcs

Product Code: 100055

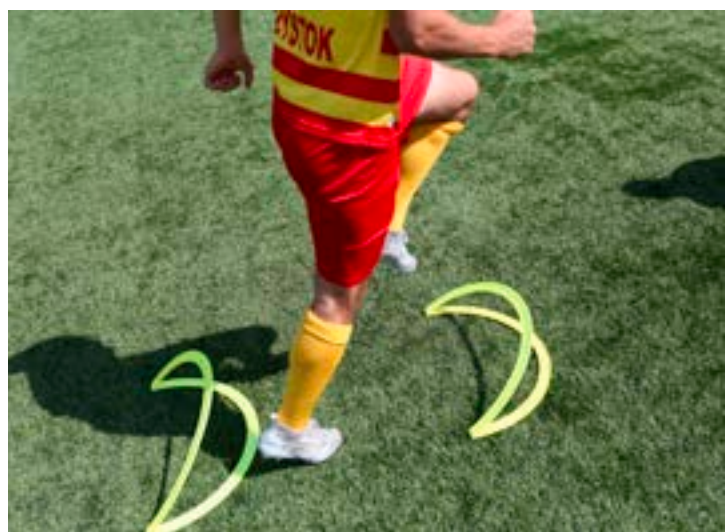

- Deluxe Speed Rings are the piece of equipment that every soccer club should have. It can be used in a variety of agility and speed exercises.
- Dimensions: 50 cm diameter
- Supplied in sets of 12 with carry bag (red and yellow)

Speed Rings, Hurdles - coordination set

Product Code: 100181

- Coordination rings are invaluable in daily training.
- This is exactly what you are looking for if you plan to exercise to improve speed agility and accuracy
- Speed rings, hurdles - coordination set creates opportunities to diversify your training plan and perform a variety of drills practiced at speed rings and hurdles on this single product.
- Ideal solution for professionals and amateurs. Speed rings, hurdles -coordination set works perfect for a variety of sports.
- Each speed ring can be flexed to work as hurdle of height up to 30 cm.
- The kit includes 6 speed ring / hurdles + practical bag to carry and store.

Speed Hurdles

Product Code:

15 cm - 100002

30 cm - 100084

45 cm - 100085

- Having quick feet, high knee lift and strong bounding are fundamental to peak athletic performance. Training with Speed Hurdles improves your overall athleticism and ability to maneuver quickly and efficiently around the field, court or ice surface. Available in 3 heights

SPEED HURDLES FEATURES

- Improve footwork and agility
- Maximize leg power output through essential leg recovery and force application
- Hurdles are made of a durable lightweight PVC plastic.,

Flat Agility Hurdles

Product Code:

15 cm - 100174

23 cm - 100175

30 cm - 100176

- Lightweight and flexible
- Will revert back to shape after being put under pressure
- Virtually unbreakable

Hurdles with Adjustable Height Folding

Product Code: 100050

- Hurdles with adjustable height folding
- A possibility of setting the height between 38 cm and 5 cm

Bounce Back Agility Hurdle 20 cm, 30 cm, 40 cm

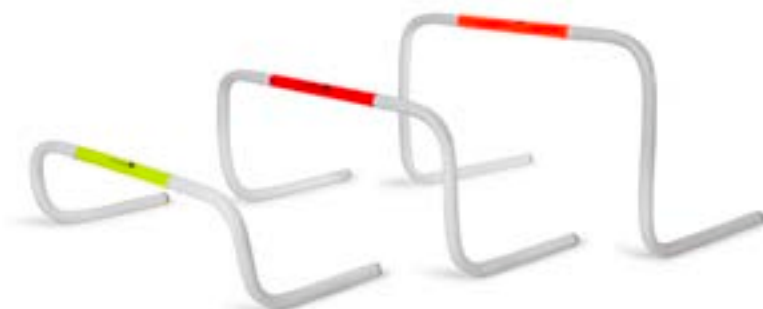

Product Code:

20 cm - 100177

30 cm - 100178

40 cm - 100179

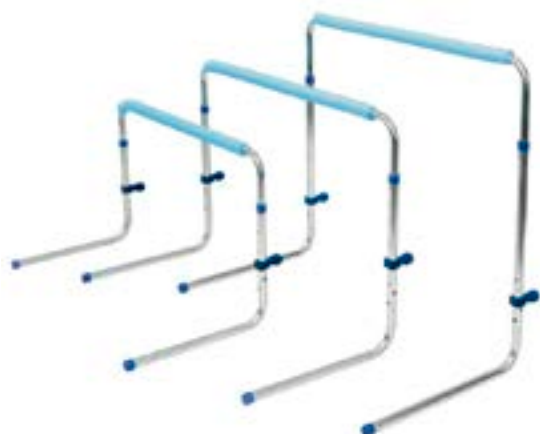

- Hurdle weighted to allow the hurdle to return to an upright position when struck by an athlete.

Return Hurdle Aluminium 70-106 cm

Product Code: 100164

- Light weight aluminum return hurdle for the training of jump and coordination. Our hurdles are self-erecting and the height is adjustable from 70 to 106 cm.
- Made of aluminum
- Height adjustments: 70/76/84/91/100/106 cm
- Width: 84 cm
- Weight per hurdle: 2,6 kg

Hurdle system

Product Code: 100092

- Essential tools for modern physical training.
- 3 pcs - 1.60 m agility poles, 2 bases, 2 assemble clips for a transversal bar.
- Colour: Yellow

Speed Ladder

Product Code:

4 m - 100003

6 m - 100067

8 m - 100068

- Train with the Quick Ladder and quickly improve your acceleration, lateral speed and change of direction while enhancing balance, rhythm and body control. These core skills are critical to any athlete that wants to perform at a faster level than the competition in any sport.

QUICK LADDER FEATURES

- Improve acceleration, lateral speed and change of direction
- Improve quickness through accelerated foot strike and lift frequency
- Develop the core skills necessary to enhance balance, rhythm and body control
- Includes carry bag for easy portability

Speed Ladder 3D – 6 m

Product Code: 100102

- Length: 6 m.
- Comes with carry bag

Elevation Ladder

Product Code:

6 rungs - 100216

10 rungs - 100270

12 rungs - 100271

- 2-IN-1 SPEED HURDLES + LADDER**
- The Elevation Ladder combines two of best-selling training aids, Quick Ladder and Speed Hurdles, into one convenient product. Now, you can have the flexibility to use the ladder flat or elevated for a variety of agility and speed drills.
- Increase quickness through accelerated foot strike and lift frequency to ultimately improve maneuverability around the field or court.

Slalom Pole 175 cm

Product Code: 100001

- The classic Boundary Pole is a fundamental part of any soccer club's equipment - it can be used for agility training drills or marking out make-shift goals

Passing Arc

Product Code: 100041

- The yellow passing arc is a great way to practice accuracy in passing
- Suitable for a range of exercises, this is a versatile piece of equipment
- For outdoor use only, a carry bag is also available.

Indoor Passing Arc

Product Code: 100169-100059

- The yellow passing arc is a great way to practice accuracy in passing
- Suitable for a range of exercises, this is a versatile piece of equipment
- Rubber bases make it suitable for indoor and outdoor use, a carry bag is also available.

Passing Arc Bag, Bag for Training Accessories

Product Code: 100126

- Convenient Bag for carrying & storing training accessories
- Fits Passing Arcs, Hurdles and a lot of other equipment
- Closing Zipper, 2 Carry Handles
- Size: 65 x 70 x 23 cm

Velcro Strap

Product Code: 100121

- Fixing Velcro to carry & store hurdles and poles

Multi - Purpose Dome Cone

Product Code: 100118

- The Multi - Purpose Dome Cone is a fitness equipment base that has many practical uses for sports conditioning, personal training and boot camp fitness workouts.
- Will accommodate a 25mm slalom pole (non spiked), round or flat speed rings
- Fill with sand to add weight and stability
- Slalom poles and speed rings sold separately

Skill Ball

Product Code: 100038

- Skill Ball helps to improve technic, co-ordination and mobility with a ball attached on an elastic string
- Ideal for individual training. Saves you time and energy as there is no need to run for the ball each time you kick it
- Can be used anywhere: on the field, indoor, at home, on vacations
- Small and Portable
- Especially recommended to children and youth.
- Adjustable elastic string
- Comes with a size 4, 350 g. ball

Skill Ball II

Product Code: 100191

- Skill Ball II helps players build the muscle memory involved in better passing, receiving and shooting. Can be used in practices, drills or at home.
- Build touch with true rolls and bounces, without the chase
- Maximize touches and training time for more results
- High-quality cord
- Waistband with the slide feature

**Strength
& Fitness**

Shoulder Resistance Harness

Product Code: 100005

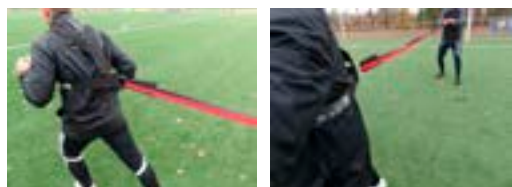

- The tape provides excellent speed and strength training for an athlete
- It is made of durable material and has additional reinforcements at the seams so it can be used by very strong players.
- It mounts to the back of the player practicing, which causes no strain on the back.
- Tape length - 2,7 m

Shoulder Resistance Harness with Quick Release function

Product Code: 100180

- You get a modern training tool for an optimal sprint and speed power training.
- The Quick Release belt has a shoulder strap that one athlete puts on while another holds the other end of the leash. This allows someone to sprint while their helper creates resistance.
- You also have the option to release the belt at any time to enable the wearer to sprint without resistance. Important: release the belt only on command to avoid injury.
- The Sprint Belt allows the athlete to sprint at a variable resistance, to achieve an optimal training effect.
- Training device for 2 persons.
- Length of rope: ca. 2,50 m (rope is not made of bungee),
- Training focus: Improvement of explosive strength, Sprint and reaction training, muscle strengthening, and explosive strength endurance

Power Bungee cord 2

Product Code: 100053

- Modern training equipment from a kind of bungee rubber, for optimal sprint and power speed training. You get a 3 m power cord incl. 1 abdominal belt and 1 handle.
- Training device for 2 persons.
- Bungee effect by a kind of bungee rubber
- Length of the rubber rope: approximately 3 m, maximum extension 7 m
- Color: black,
- Training focus: Improvement of explosive strength, Sprint and reaction training, Improving jump power, Muscle strengthening, Explosive strength, endurance acceleration training with two athletes also for the goalkeeper training etc.,

Power Bungee cord 10

Product Code: 100170

- Modern training equipment from a kind of bungee rubber, for optimal sprint and power speed training. Length of the rubber rope: approximately 3 m, maximum extension 7m
- For 2 persons both athletes put on the waist belt. The first athlete sprints forward and the 2nd athlete remains behind standing as a counterweight on the same place. It is also possible that both athletes start running in the opposite direction. At a certain point, an optimum resistance (bungee effect) is achieved by the tension of the bungee cord, which allows a professional sprint and power speed training.
- For 1 person. The waist strap of the second athlete may also be attached to a fence or a post to create an effective individual training. This method can also be very well be used in the goalkeeper training. The power-bungee strap allows the athlete to sprint with optimal resistance to create an enormous training effect.

Goalkeeper Training Belt

Product Code: 100171

- Ideal to support the jump- and reaction-power training and for wings-, plunge- and sidestep exercises. Regular use can improve the speed and jump strength
- The wide nylon hip-belt provides for pleasant wearing comfort. The end of the elastic rope can be attached with the straps down at the goalpost

Power Sled 9 kg

Product Code: 100004

- Build explosive leg drive, and speed, right of the blocks with the Power Sled. With removable weights, the Power Sled allows you to adjust the towing resistance.
- Improve 40-yard dash times, overall speed and explosiveness
- Strengthen lower-body muscle groups
- Adjust weight options for variable weight resistance up to 100 kg.
- Adjustable leash length to accommodate athletes of any size

Resistance Chute, Sprint Parachute for Speed Training

Product Code:

Single Resistance Chute - 100040

Double Resistance Chute - 100213

- Resistance Chute is a training tool for speed training based on air pressure resistance
- The Chute is attached with belts to waist belt that comes with size regulation to fit each athlete
- Maximize acceleration and top running speed through resistance and overspeed training

Power Jumper

Product Code: 100048

- Increases efficiency and jump speed
- Excellent for polymetric training
- Can be connected with other flex cords
- Includes rubber abutment and two connecting ankle trainees
- Perfect for a variety of sports

Lateral Resistor

Product Code: 100033

- First-step quickness and lateral speed are critical for you to blow by your opponents.
- Training with the Lateral Resistor forces you to maintain proper body positioning and strengthens the muscles responsible for most lower body movements including the hip flexor and abductor's muscles.

Resistance Power Tube

Product Code: 100049

- It helps in building a dynamic force
- Excellent for polymetric training
- Easy to use
- For use on the field and in the hall
- Includes rubber thrust and hip belt
- Perfect for a variety of sports

Power Sprinter

Product Code: 100172

- Increase speed and acceleration by loading resistance onto the arms and legs. 4-attachment design independently loads each limb, providing constant resistance through a full range of motion.
- Each unit includes 4 adjustable cuffs with Velcro closure (cuffs fit up to 14" arm or leg), nylon cord with PVC handle, and resistance tubing.
- Power Sprinter Light 40 lbs (18 kg) Resistance

Suspension Training Equipment

Product Code: 100193

- Can be used at home, outside or on the go
- Training equipment that engages your own body weight
- Very versatile with numerous training exercises possibilities
- Suspension training develops physical strength while using functional movements and dynamic positions. It develops core body strength, as well as joint and muscular stability, reducing the chance of injury.
- Comfortable foam handles
- Comes with a handy carry bag

Power Band Loop

Product Code:

Blue (Highest Resistance) - 100275

Red (Medium Resistance) - 100158

Yellow (Small Resistance) - 100274

- Bands are 41" inches long and are made of high-quality latex material built to last for years
- Application: effectively improve muscle strength, physical performance, and flexibility
- A variety of exercises can be performed - for physical therapy, rehabilitation, pull-ups, stretching, strength training, powerlifting and etc
- These high-quality bands are very durable so you can use them for years to come

Elastic Loops

Product Code:

Yellow (light) - 100247

Red (medium) - 100248

Blue (heavy) - 100249

Green (the heaviest) - 100250

- Latex Elastic loops are an effective training tool. Perfect for warm up to exercise the muscles of the hips and legs. You can go with this loops ahead and laterally. For Training in your team, club, studio or at home.
- Available in 4 different resistance-levels: yellow (light) thickness 0,5 mm, red (medium) thickness 0,6 mm – blue (heavy) thickness 0,9 mm, green (the heaviest) thickness 1,3 mm

Evasion Belt

Product Code: 100007

- This partnered break-away reaction trainer matches two athletes against one another in a variety of shadow drills that test their speed and reaction time.
- A great workout for offensive and defensive players.
- Develop evasive offensive skills and lock-down defensive technique
- Simulate one-on-one coverage through a variety of shadow drills
- Adjustable 360° Reaction Belts of 1,5 m each connected with Velcro

Balance Cushion

Product Code: 100071

- 14" in diameter by 3" high; low nubs on one side, raised nubs on the other
- Comes inflated and can be adjusted using a traditional ball inflation needle (needle and pump not included)
- Popularly used as a child's "wiggle seat" to help calm anxious kids
- A true alternative to sitting on an exercise ball; made of the same material
- Provides an unstable surface to exercise on, requiring you to use more muscles to stay balanced, providing a more complete workout

PRO Gymnastic Mat

Product Code: 100210

- Size: 173 x 61,5 x 0,5 cm
- Material: Polietylen
- Colour : Green

Blue exercise ball 65 cm

Product Code: 100047

- The ball gym for a good workout recommended for everyone.
- Ideal for home and rehabilitation.
- A positive effect on the silhouette and physical condition.
- Pump included

Balance Board

Product Code: 100035

- Strengthen your core and improve your balance with Yakimasport Balance Board. Improves muscle flexibility, balance, and posture. Strengthens ankles and knees. Durable plastic

Skipping Rope

Product Code: 100052

- Jumping on skipping rope may be a useful element of training

Bossu Ball Trainer

Product Code: 100128

- A Bosu trainer is a balance board that can be used with either side up. Both sides of it the inflatable dome or the flat plastic surface provide different challenges for your muscles. Whether you use the flat side of Bosu for squats, pushups, situps and lunges or stand on the dome while using free weights for such exercises as arm curls, shoulder presses and deadlifts, your muscles respond.
- Material: PVC ball and ABS base, Color: Blue.
- Dimension: 22.8" (58 cm)-Diameter of Ball 9.8" (25 cm)-Height of Ball
- Weight Capacity: 660 lbs.
- Package Includes: 1 x Yoga Exercise Ball, 2 x Elastic Strings, 1 x Air Pump, 1 x Valve Plug
- This Yoga exercise Ball is a popular balance and stability workout method, which can make your fitness easier. It has multiple uses as picture shows. With this balance trainer, you could increase your core strength, stability, endurance, flexibility, etc. What's more, the material is environmentally friendly and it is easy to carry

Groove Roller

Product Code: 100130
 Length: 45 cm
 Diameter: 15 cm
 Material: High Density EVA Foam

Product Code: 100212
 Length: 32 cm
 Diameter: 14 cm
 Material: EPP

- Roller Groove is a versatile massage tool that helps soothe tensed muscles and protects from injuries.
- Groove Roller is specially recommended before training to enhance warm - up session.
- Using Yakimasport Roller shortens muscles recovery and improves general body condition after an intensive physical effort
- Dedicated to professional sportsmen as well as to all other sports enthusiasts willing to take care of sore tired muscles.

Flat Roller

Product Code: 100129
 Length: 45 cm
 Diameter: 15 cm
 Material: High Density EVA Foam

Product Code: 100211
 Length: 30 cm
 Diameter: 15 cm
 Material: EPP

- Roller is a versatile massage tool that helps soothe tensed muscles and protects from injuries.
- Using Yakimasport EPP Roller shortens muscles recovery and improves general body condition after an intensive physical effort.
- Flat Roller is especially recommended after training.
- Dedicated to professional sportsmen as well as to all other sports enthusiasts willing to take care of sore tired muscles

Peanut ball

Product Code: 100209

- Designed to loosening muscles along the spin
- To press trigger points on a floor, table or against a wall
- Material: EPP
- Size: 16 x 8 x 8 cm
- Color: black

Massage Ball

Product Code: 100208

- Applied to loosen fascial muscles
- Recommended to use it for loosening buttock muscles, calves, arms, feet and chest.
- Perfect for auto massage, it is the best to use in addition to roller
- To press trigger points on a floor, table or against a wall
- Material: EPP
- Size: diameter 8 cm
- Color: black

Rubber Medicine Ball

3 kg yellow – Product Code: 100267

4 kg red – Product Code: 100266

5 kg blue – Product Code: 100265

- Medicine Balls are produced from high - quality rubber. Perfectly bounce against a hard surface.
- Good grip against the palms
- Resistant to attrition
- Rubber Medicine Balls keep their shape unlike the leather balls

Aerobic Step

Product Code: 100046

- Non-slip surface
- Maximum load of 100 kg
- Three Heights; 10 cm, 15 cm, 20 cm
- Non-slip rubber pads on the underside of the step
- Material: Plastic
- Dimensions: 78 x 29 x 10 / 15 / 20 cm
- Weight of 3,8 kg

COMARCH

Accessories

Foam Ball

Product Code: 100136

- Ball Produced of quality EVA foam. Size 4 suits perfect needs of children football academies, and children playing with their parents at home. Suggested age: 3-7
- The ball is used by Legia Warszawa kindergarten soccer schools, the biggest children soccer schools program in Poland.

Laguna Ball Size 4
